

Navy Lodging Program

Navy Getaways continues to brand and expand service at more than 42 locations!

As of July, online and 24/7 phone reservations (www.navygetaways.com or 1-877-NAVY-BED) are available at 95 percent of Navy Getaways destinations, with one more location on the way! The newest California Navy Getaways destination, Sierra Vista RV Park at NAWS China Lake, is scheduled to open this summer. The site will be a pet-friendly park offering breathtaking views of the Sierra Nevada mountain range, affording guests mild winters and perennially clean air. Located directly across from the China Lake Golf Course, the park project includes 60 pads with full service hookup, a fenced dog park area, and a community building. The community building, located in the center of the park, will offer a coin-operated laundry, shower facilities, a community room with games, and local tours, information and tickets.
