Navy Gateway Inns and Suites Saves You and the Navy Money

24,000
guest beds
at military
installations
worldwide

Staying at Navy Gateway Inns and Suites (NGIS) saves money on official travel. With more than 24,000 guest beds at military installations worldwide, NGIS offers lodging services for TDY travelers, DoD civilians, leisure travelers, retirees, reservists and their sponsored guests. NGIS offers affordable lodging rates that support the continuing reductions of command travel expenses.

“Every Navy traveler has a responsibility as a steward of taxpayer dollars to ensure that federal funds are used for purposes that are appropriate and cost effective,” said Commander, Navy Installations Command, Vice Adm. William French. “While budget cuts and travel restrictions continue to be a challenge for everyone, there are many benefits to staying at Navy Gateway Inns and Suites for

your official lodging needs. NGIS offers value, convenience, great accommodations, service, and very affordable rates.”

“Staying at NGIS not only provides great lodging at great prices, but it also offers the convenience of other base amenities,” said Tammy Davis, Navy Lodging Program Manager.

To ensure Navy travelers’ needs are met, NGIS also partners with commercial hotels in the San Diego area offering rates at or below per diem while providing safe, secure lodging that meets Department of Defense Lodging Standards. Navy military TDY travelers are required to stay at NGIS when space is available. When on-base lodging is not available, NGIS will accommodate travelers at commercial hotel partners.

Navy Gateway Inns and Suites

• • • ➔ *Now Better Than Ever*

The Navy is currently modernizing its Navy Gateway Inns & Suites (NGIS) throughout the Southwest Region.

Naval Air Station North Island (NASNI) recently updated two buildings focusing on a **“Total Room Concept”** renovation.

This included over 90 suites, two of which are ADA compliant. These new suites provide luxurious accommodations with all the comforts of home. Each includes a full-size kitchen with new appliances, cabinets and countertops; a sitting room with a cozy couch and chairs; a beautiful bedroom with comfortable beds; and a deluxe bathroom. They are also equipped with flat screen TVs and an individual air conditioner/heater. Since the renovation, these amazing suites have become the favorite destination for repeat guests.

With the completion of each project, the quality of life greatly improves for our Sailors and their families.
